

Erick Traplin's Show and Introduction Information

Description of Show & Equipment

Erick's show is a fun-filled, high energy, interactive musical show with lots of audience participation.

Right from the start of his show Erick has the children participating in the singing and the actions starting with the “Hi Song”, then the action song “Chick-A Boom”, next comes “Bubbles” along with Erick’s Bubble Machines...the kids love it! Then comes one of the favourites, Erick’s most requested action song “Spiderman”

You’ll also hear songs, like the “Chicken Song”, about persistence and perseverance, which has been made into a video and shown on TV. “Fishin' Worms”, a fun rock and roll tune, “Be Yourself”, holding true to what you believe, and many more songs from Erick's 6 CDs.

Throughout the show, Erick will ask for volunteers to help him on stage, to demonstrate movements, and play instruments. Erick's show is 45 to 50 minutes long, but can easily be adjusted to fit your needs.

Erick supplies his own P.A. system if needed. Along with his acoustic and electric guitars, Erick comes equipped with instruments for the kids to play. Bongos, tub bass, washboard, egg shakers, fiddle, flute, tambourine, morocco's, a drum and more!

Introduction Notes

Erick has been bringing his fun filled interactive show to children throughout Ontario and Eastern Canada for 20 years. His Rock-a-long, Sing-a-long show encourages his young audiences to interact and become part of the show. Even the most reserved children will forget their inhibitions to partake in the fun.

Erick's message is one that celebrates the whimsical imagination and untethered expression of our youngsters.

Erick has released 6 CDs, 1 DVD, 1 Book and is currently working on his 7th CD. Erick's CDs will be available to you today so that your kids can Rock-a-long and Sing-a-long with Erick at home.

Erick Traplin lives just outside of St Clements with his wife, Ruth, dog Oliver and his one eyed cat, Willie. If you want to learn more about Erick, drop in and visit him on his web site at: www.ericktraplin.com
